

Informatieblad conform detergentenverordening (EG)

Hieronder treft u de ingrediëntenlijsten aan van de Kruidvat was- en reinigingsmiddelen. Deze lijst is gerangschikt op alfabetische volgorde.

De ingrediënten zijn gerangschikt naar aanwezige concentratie in aflopende volgorde, startend met de hoogste concentratie.

Let op: op de verpakking staan bij de ingrediënten groepsnamen vermeld (o.a. anionogene oppervlakte-actieve stoffen). In onderstaande ingrediëntenlijsten staan de groepsnamen niet vermeld, maar worden alle ingrediënten afzonderlijk benoemd. Op deze manier is in één oogopslag te zien wat er in het product zit.

Voor een verklaring van de gebruikte INCI-namen verwijzen wij u naar de volgende website: https://ec.europa.eu/growth/sectors/cosmetics/cosing_nl

Neem in geval van calamiteiten of dringende medische vragen contact op met uw (huis)arts.

Hieronder treft u de ingrediëntenlijsten aan van de Europrofit was- en reinigingsmiddelen. Deze lijst is gerangschikt op alfabetische volgorde.

De ingrediënten zijn gerangschikt naar aanwezige concentratie in aflopende volgorde, startend met de hoogste concentratie.

Let op: op de verpakking staan bij de ingrediënten groepsnamen vermeld (o.a. anionogene oppervlakte-actieve stoffen). In onderstaande ingrediëntenlijsten staan de groepsnamen niet vermeld, maar worden alle ingrediënten afzonderlijk benoemd. Op deze manier is in één oogopslag te zien wat er in het product zit.

Voor een verklaring van de gebruikte INCI-namen verwijzen wij u naar de volgende website: <http://ec.europa.eu/enterprise/cosmetics/cosing/>
